****Note: As per Clause 10 of Part II at page 41 of the Resolution Plan dated 31 January 2025 i.e. Treatment of Applications filed under Section 43 to 67 of IBC in PART II i.e. Mandatory Provisions**

Upon the approval of the resolution plan vide the NCLT Order, the right to pursue all applications filed by the Resolution Professional and/or CoC regarding the avoidance transactions (preferential, undervalued, extortionate credit, fraudulent and/or wrongful trading or fraudulent transactions) under Section 43 to 67 shall remain with the CoC and that any recoveries made by the Corporate Debtor on account of any such application filed by the IRP and/or the Resolution Professional and/or the CoC shall be passed to the Assenting Financial Creditors of the Corporate Debtor (excluding the creditors against whom such order has been passed) ("Avoidance Transaction Recoveries"). It is clarified that the cost for pursuing all the avoidance applications, shall be borne by the CoC. It is further clarified that the Resolution Applicant shall provide necessary support to CoC incase any documents/information for the avoidance application is to be provided from the record of the Corporate Debtor, to the extent available with the Resolution Applicants. Any land that is recovered, if any pursuant to such avoidance applications or otherwise shall be for the sole benefit of and retained by the Corporate Debtor. Further, upon approval of this Resolution

Plan, no part of the Corporate Debtor shall be given to any of the counter parties of the Identified Agreements or pursuant to any contracts entered into with related parties.

As has been stated in Clause 8.55 of Part-III, the Identified Agreements are significantly undervalued as compared to the ongoing market rates for fly ash and also an unreasonable amount of penalty (i.e. Rs. 800 per ton) is stipulated therein in case of sale of ash to a third party. The identified agreements appear to be falling within the scope of the Section 43 to 67 of the Code. The Resolution professional has filed relevant applications under Section 43 to 67, with the NCLT with respect to the Identified Agreements. We have been intimated by the Resolution Professional that the Identified Agreements entered into with Antheia and Notus have been terminated vide Letter dated 10.01.2024, as uploaded on the VDR on December 30, 2024. For the Identified Agreements of the Corporate Debtor and agreements entered into with related parties of the Corporate Debtor, which are still in effect, apart from the aforesaid, the same shall stand automatically terminated on the NCLT Approval Date by virtue of approval of the Resolution Plan and the Corporate Debtor/Resolution Applicant shall have no liability/obligation with respect to the same.

The identification or classification of any transaction by the Resolution Professional as preferential, undervalued, fraudulent or extortionate transaction and / or filing of any avoidance application or any other application with the Adjudicating Authority with respect to such transaction filed, shall not absolve any counter party from its payment / repayment obligations towards the Corporate Debtor and such counter party shall continue to be liable to pay / repay any such amounts which is payable by it to the Corporate Debtor as per the terms of respective transaction, notwithstanding that such application has been filed and / or been pursued and any recoveries thereto, unless otherwise provided for, shall be for the benefit of the financial creditors of the Corporate Debtor. Further, the Corporate Debtor shall have the right to initiate all legal actions against the said counter parties and any other obligator of the said transaction with respect to any default in payment/repayment obligations with respect to the said transaction including initiation of any insolvency process, irrespective of whether such transaction is identified or not.

It is clarified that the past promoters or promoter group, managers, directors, officers, or person in charge of the affairs and / or management of the Corporate Debtor (including any person who was an 'officer in default', 'principal employer', or 'occupier', other than the Resolution Professional) prior to the Payment Date shall continue to be responsible and liable for all the liabilities, claims, demand, obligations, penalties etc. arising out of any (i) proceedings, inquiries, investigations, orders, show causes, notices, suits, litigation etc. (including those arising out of any orders passed by the NCLT pursuant to Sections 43, 45, 49, 50, 66, 68, 70, 71, 72, 73, 74 of the Code) or any acts or omissions in breach of Applicable Law which occurred prior to the Payment Date; or (ii) that may arise out of any proceedings, inquiries, investigations, orders, show cause, notices, suits, litigation etc. (including any orders that may be passed by the NCLT pursuant to Sections 43, 45, 49, 50, 66, 68, 70, 71, 72, 73, 74 of the Code).

14. Waivers, Reliefs and Concessions

As to all the waivers sought by the SRA as provided in the Resolution Plan read along with Addendum dated 07.03.2025 and Second Addendum dated 02.06.2025, it is pertinent to refer to the decision of the Hon'ble Supreme Court in the matter of **Embassy Property Development Private Limited v. State of Karnataka & Ors.** in Civil Appeal No. 9170 of 2019. The relevant part of the judgement is reproduced herein below:

“39. Another important aspect is that under Section 25 (2) (b) of IBC, 2016, the resolution professional is obliged to represent and act on behalf of the corporate debtor with third parties and exercise rights for the benefit of the corporate debtor in judicial, quasi-judicial and arbitration proceedings. Section 25(1) and 25(2)(b) reads as follows:

25. Duties of resolution professional – (1) It shall be the duty of the resolution professional to preserve and protect the assets of the corporate debtor, including the continued business operations of the corporate debtor.

(2) For the purposes of sub-section (1), the resolution professional shall undertake the following actions: -

(a)

(b) Represent and act on behalf of the corporate debtor with third parties, exercise rights for the benefit of the corporate debtor in judicial, quasi-judicial and arbitration proceedings.

This shows that wherever the corporate debtor has to exercise rights in judicial, quasi-judicial proceedings, the resolution professional cannot short-circuit the same and bring a claim before NCLT taking advantage of section 60(5).

40. Therefore, in the light of the statutory scheme as culled out from various provisions of the IBC, 2016 it is clear that wherever the corporate debtor has to exercise a right that falls outside the purview of the IBC, 2016 especially in the realm of the public law, they cannot, through the resolution professional, take a bypass and go before NCLT for the enforcement of such a right.”

In the light of the decision of the **Hon'ble Supreme Court in the Embassy Property Development Private Limited (Supra)**, as to the waiver, relief and concessions sought in the Resolution Plan, it is clarified that this Adjudicating Authority is not inclined towards granting any such relief prayed for except for what is provided in the Code itself. However, the Successful Resolution Applicant may approach and file the necessary application before the necessary forum/authority in order to avail the necessary relief and concessions, in accordance with respective laws.

15. ANALYSIS AND FINDINGS

- i. This Adjudicating Authority finds that the Resolution Plan was submitted by consortium of MAHAGENCO and NTPC, which are leading PSUs in power sector, with **100%** voting in **26th CoC meeting** and no provision of the IBC is contravened.
- ii. We find that the Resolution Plan meets the requirement of being a viable and feasible and for revival of the Corporate Debtor. By and large, there are provisions for making the Plan effective after approval by this Bench.
- iii. In so far as the approval of the Resolution Plan is concerned, this Adjudicating Authority is duty bound to follow the judgment of the Hon'ble Supreme Court in the matter of **K. Sashidhar v. Indian Overseas Bank (2019) 12 SCC 150**, wherein the scope and interference of the Adjudicating Authority in the process of the approval of the Resolution Plan is elaborated as follows: -

“35. Whereas, the discretion of the adjudicating authority (NCLT) is circumscribed by Section 31 limited to scrutiny of the

resolution plan “as approved” by the requisite percent of voting share of financial creditors. Even in that enquiry, the grounds on which the adjudicating authority can reject the resolution plan is in reference to matters specified in Section 30(2), when the resolution plan does not conform to the stated requirements. Reverting to Section 30(2), the enquiry to be done is in respect of whether the resolution plan provides: (i) the payment of insolvency resolution process costs in a specified manner in priority to the repayment of other debts of the corporate debtor, (ii) the repayment of the debts of operational creditors in prescribed manner, (iii) the management of the affairs of the corporate debtor, (iv) the implementation and supervision of the resolution plan, (v) does not contravene any of the provisions of the law for the time being in force, (vi) conforms to such other requirements as may be specified by the Board. The Board referred to is established under Section 188 of the I&B Code. The powers and functions of the Board have been delineated in Section 196 of the I&B Code. None of the specified functions of the Board, directly or indirectly, pertain to regulating the manner in which the financial creditors ought to or ought not to exercise their commercial wisdom during the voting on the resolution plan under Section 30(4) of the I&B Code. The subjective satisfaction of the financial creditors at the time of voting is bound to be a mixed baggage of variety of factors. To wit, the feasibility and viability of the proposed resolution plan and including their perceptions about the general capability of the resolution applicant to translate the projected plan into a reality. The resolution applicant may have given projections backed by normative data but still in the opinion of the dissenting financial creditors, it would not be free from being speculative. These aspects are completely within the domain of

the financial creditors who are called upon to vote on the resolution plan under Section 30(4) of the I&B Code.”

- iv. Also, the Hon’ble Supreme Court of India in the matter of **Committee of Creditors of Essar Steel India Limited vs. Satish Kumar Gupta & Ors., Civil Appeal No. 8766-67 of 2019, vide its judgement dated 15.11.2019** has observed as follows:

“38. This Regulation fleshes out Section 30(4) of the Code, making it clear that ultimately it is the commercial wisdom of the Committee of Creditors which operates to approve what is deemed by a majority of such creditors to be the best resolution plan, which is finally accepted after negotiation of its terms by such Committee with prospective resolution applicants.”

- v. Further, the Hon’ble Supreme Court in the matter of **Jaypee Kensington Boulevard Apartments Welfare Association v. NBCC (India) Limited, (2022) 1 SCC 401** has held as under:

273.1. The adjudicating authority has limited jurisdiction in the matter of approval of a resolution plan, which is well-defined and circumscribed by Sections 38(2) and 31 of the Code. In the adjudicatory process concerning a resolution plan under IBC, there is no scope for interference with the commercial aspects of the decision of the CoC; and there is no scope for substituting any commercial term of the resolution plan approved by the Committee of Creditors. If, within its limited jurisdiction, the adjudicating authority finds any shortcoming in the resolution plan vis-à-vis the specified parameters, it would only send the resolution plan back to the Committee of Creditors, for resubmission after satisfying the parameters delineated by the Code and exposted by this Court.’ (emphasis supplied).

- vi. The above view of the Hon'ble Supreme Court in **Jaypee Kensington Boulevard Apartments Welfare Association v NBCC (India) Limited (Supra)** is reaffirmed by the Hon'ble Supreme Court in its recent decision dated 21.11.2023 in the case of **Ramkrishna Forgings Limited Vs Ravindra Loonkar, Resolution Professional of ACIL Limited & Anr., Civil Appeal No. 1527/2022.**
- vii. Thus, from the judgments cited and the statutory framework of the Insolvency and Bankruptcy Code, 2016, it is evident that the scope of judicial review available to this Adjudicating Authority under Section 30(2) read with Section 31 is limited to assessing the compliance of the Resolution Plan with the prescribed legal requirements. This Authority is neither empowered nor obligated to delve into or evaluate the commercial wisdom of the Committee of Creditors (CoC), which is paramount and binding, provided it aligns with the provisions of the Code. Upon satisfaction that the proposed Resolution Plan adheres to the statutory mandates, including equitable treatment of stakeholders and compliance with applicable laws, this Bench finds no impediment to granting its approval.
